

Aging Health

About Aging Health

Aging Health provides a complete information solution through authoritative commentary, assessment and debate on the scientific and clinical issues in healthcare provision for the elderly.

The journal covers:

- Leading *Reviews* on current and emerging topics relating to the safe and effective management of therapy in the elderly, subject to peer review.
- Cutting-edge *Editorials* discussing contentious issues
- *Drug Evaluations* - assessments of individual medicines discussing the role of the therapeutic approach in current treatment practices, written from an independent perspective
- Comprehensive *Clinical Trial Reports* of recently completed or ongoing clinical studies in the elderly
- *Priority Paper Evaluations* reviewing significant, recently published articles carefully selected and assessed by specialists in aging health
