Future Science Group (FSG) is an independent publisher, based in London, with an expanding and diverse group of journals in cutting-edge areas of postgenomic scientific and medical information. FSG houses three imprints; Future Medicine, Future Science and Newlands Press. All journals are peer reviewed and many are also indexed on MEDLINE, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, EMBASE, Chemical Abstracts, DOAJ, PubMed Central and Scopus. We also offer DRM-free perpetual access to a wide variety of eBook collections.

### ALL PUBLICATIONS ARE:

#### ORIGINAL AND TIMELY

Blending commissioned and unsolicited content, including reviews, research and commentaries, to ensure that readers are kept comprehensively up-to-date with the latest advances and techniques in bioscience and clinical practice, whatever their discipline.

#### SUPPORTED BY STRONG EDITORIAL STANDARDS

All journals are underpinned by robust double-blind peer review ensuring only articles of the highest quality are published. Authors benefit from a supportive in-house editorial team, taking them from pre-submission enquiries, right through to publication and beyond.

#### VISIBLE AND ACCESSIBLE GLOBALLY

To ensure 24/7 access and maximum discoverability, all of our titles are hosted by Atypon on industry-leading websites.

## EBOOK COLLECTIONS

We offer DRM-free perpetual access to a wide variety of eBook collections.

## VIDEO JOURNAL OF BIOMEDICINE

The *Video Journal of Biomedicine* provides readers with short, high-quality, interview- style videos with authors of recently published, peer-reviewed papers. All videos are professionally filmed and produced by our in-house team and published open access on a dedicated platform. Each video provides the opportunity for authors to personally discuss their latest published work in more detail; highlighting its importance to the field, placing it in context, and discussing future implications.

More information is available at: [www.biomedicine.video](http://www.biomedicine.video)

## PHARMAPLATFORMS

## **INSTITUTIONAL & ACADEMIC SUBSCRIPTIONS**

Academic pricing is set regardless of size or number of sites. All academic institutions receive 5 years of content. For a quote, contact [subscriptions@future-science-group.com](mailto:subscriptions@future-science-group.com).

## **CORPORATE**

Corporate pricing is set depending on the size of the company and the number of sites. Corporate institutions receive 2 years of content (backfiles of content are available on request).

## **CONSORTIA**

FSG works with consortia of various types and sizes, and welcomes discussion with all consortium managers. COUNTER-compliant usage statistics are provided for each institution. The benefits for the consortium include discounts on list price. Members have the flexibility to select the publications they want to include, or FSG will work with the consortium to create customized packages.

## **INDEXING**

FSG titles are abstracted and indexed in all the main databases including MEDLINE/ Index Medicus, EMBASE/Excerpta Medica, Scopus, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, DOAJ, PubMed Central and Chemical Abstracts.

## INSTITUTIONAL TRIALS

If you would like to trial our content, simply get in touch at: [trials@future-science-group.com](mailto:trials@future-science-group.com).

Trials can be to single publications or entire collections; the choice is yours. We will work with you to decide on the best time and duration for your institution.

### DURING THE PERIOD, YOU HAVE:

- Full-text access to the titles you select
- Detailed usage statistics from our Atypon-backed platform
- Support from our in-house technical team
- Control over the duration, visibility and promotion of the trial

Fair usage limits apply. For more details, contact [trials@future-science-group.com](mailto:trials@future-science-group.com)

### SERVICES

- Flexible purchasing
- Accessible for all institution types
- COUNTER-compliant usage reports
- ATHENS & Shibboleth authentication compliant
- Reliable publishing platform
- Dynamic customer services
- Promotion tools on request
- Collection leasing

## DIGITAL HUBS

In addition to our journal content, FSG publishes nine digital hubs, which enable professionals to easily connect and collaborate with their peers in niche scientific fields. Enriched with high-value expert insight and integration with social media, our hubs provide a route to further broadcast content published in our associated publications.

## TESTIMONIALS

*“Bioanalysis Zone is doing an excellent service to the scientific community by organizing/hosting webinars on interesting and useful topics”*

**- Alliance Pharma**

*“It has been a pleasure working with Bioanalysis. A publication is only as good as its interface to the readers and contributors. Let me tell you that you are superior in that respect!”*

**- Boehringer Ingelheim**

*“Regarding the webinar process, it was very straightforward and painless. I appreciated all the guidance and information you were able to provide us beforehand. It was also great that you were flexible to other options (us providing a recorded presentation). The webinar seems to have launched in a timely, smooth manner”*
